Welcome to the class. I would like you to take a few minutes to introduce yourself to your classmates and to me. There are three components to this assignment:

Create an Animoto video that represents YOU and post in the introductory Discussion Board.

Sign up for a FREE Animoto account (the Lite version) at Animoto.com at the following URL: [https://animoto.com/sign up](https://animoto.com/sign-up).

Review the "Overview" about Animoto at the Features page at the following URL: <http://animoto.com/features>.

Create one, thirty second video in which you visually introduce yourself to the class. Include the following in your video:

- visual text (up to 12 images/short videos that represent YOU),
- verbal text/captions (language that shows your audience who you are: name, major, occupation, etc.)
- audio text (background music found on the Animoto Web site).

Share your Animoto video with the class. Post to the discussion forum or in your blog site (whichever is being used for this class.)

Keep in mind that you have only 30 seconds. Choose your visual and verbal text wisely and most importantly, have a little fun with your video introduction.
